After this conference you will be able to:

- Define the role of stem cell transplant in hemoglobinopathies, overview of outcomes of transplant.
- Discuss newer protocols in transplant at CMH.
- Discuss the current indications for stem cell transplant in pediatric leukemia.
- Review the clinical outcomes of stem cell transplant in pediatric leukemia.
- Understand the most common presentation of treatment related long term effects of pediatric HSCT patients.
- Discuss the clinical management of common late effects in pediatric patients of HSCT.
- Discuss what autoimmune diseases are treated with stem cells.
- Describe the difference between HSCT for autoimmune disease versus malignant disease.
- Define chronic Graft vs Host Disease (cGvHD) and the risk factors associated with the disease.
- Discuss cGvHD diagnosis, evaluation, management and treatment.
- Identify disease characteristics of multiple myeloma.
- Identify new modalities available for the treatment of multiple myeloma.

Remarks From Recent Attendees:

- “Very informative, excellent learning experience. I would recommend this conference to fellow transplant case managers.”
- “Very thorough—it’s wonderful that this is a complimentary conference.”
- “For someone without a strong medical background, the conference was targeted to all disciplines who may be working with adult or pediatric transplant patients.”
- “Excellent conference—I learn something new at each conference. I have recommended NUATC conferences to other case managers in my office.”

Registration
- Complimentary conference

To register, please complete the enclosed registration form and fax it by August 2, 2010 to Patricia Phillips at 312.695.3355. For additional information, contact 312.695.5023.

Contact hours applied for through Commission for Case Manager Certification (CCMC).

Location
- Children's Memorial Institute for Education and Research (CMIER)
  2430 N. Halsted Street, Wolfson Conference Room A, Chicago, IL 60614
  On the campus of Children’s Memorial Hospital

Parking
- For your convenience, complimentary valet parking will be available in the parking garage at 2316 N. Lincoln Avenue (proceed to the 7th floor of the parking garage for valet service). Your ticket will be validated after the meeting.

schedule
- 8:30 : Registration
- 8:55 : Welcome
- 9:00 : Stem Cell transplantation in Hemoglobinopathies
  Sonali Chaudhury, MD
- 9:45 : To Be or Not to Be: Stem Cell Transplantation for Pediatric Leukemia
  William T. Tse, MD PhD
- 10:30 : Break
- 10:45 : Late Effects of HSCT in Pediatrics
  Karina Danner-Koptik, RN, MSN, APN-CPON
- 11:30 : Hematopoietic Stem Cell Transplantation for Autoimmune Diseases
  Richard Burt, MD
- 12:15 : Lunch
- 1:30 : Chronic Graft Versus Host Disease: a complication of Hematopoietic Progenitor Cell Transplantation
  Kimberly Thormann, MA, CPNP
- 2:15 : What’s New in the Treatment of Multiple Myeloma
  Joseph Tariman, PhC, MN, APRN,BC, OCN
- 3:00 : Adjourn

information

Mark your calendar for the following conference date:

November 2 : Solid Organ Transplantation
