Biography:

Dr. Puri specializes in hip arthroplasty and knee arthroplasty. Dr. Puri completed his residency program at Northwestern University Feinberg School of Medicine and then went on to complete a fellowship in hip and knee arthroplasty at the internationally renowned New England Baptist Hospital in Boston, Massachusetts. Dr. Puri returned to Northwestern in 2002 and has specialized in and pioneered the latest minimally invasive techniques in both hip and knee arthroplasty. He is an expert in computer navigation along with minimally invasive techniques for hip and knee replacement.

Dr. Puri has authored many articles and presentation both nationally and internationally on a variety of topics ranging from new techniques in joint replacement to safety in the operating room setting. Dr. Puri also completed his MBA from the Kellogg School of Management at Northwestern University in 2006. He chairs multiple committees in order to improve upon safety and efficiency in the operating room setting.

As a physician, Dr. Puri strives to develop honest and open relationships with each patient. With a better understanding of diagnosis and treatment options available, patients can participate more fully in their healthcare and achieve better outcomes. Dr. Puri offers excellence in orthopaedic surgery and hip and knee replacements in a caring and friendly environment.
