2007 Foundation Report

Foundation Report

At Northwestern Memorial Foundation, we remain heartened and humbled by the extraordinary generosity of our philanthropic partners. Our donors have allowed us to surpass several important fundraising goals.

This fiscal year, the foundation raised more than \$39 million, exceeding our goal of \$37.5 million for the year. More importantly, we surpassed the *Enhancing our lives: The Northwestern Memorial Campaign* cumulative goal of \$150 million by receiving commitments in excess of \$185 million in support of the construction of the new Prentice Women's Hospital and its related women's health programs, other hospital programs, research, education and community services. Among these gifts was the largest single contribution in Northwestern Memorial's history, a \$20 million commitment that will facilitate vital clinical translational research.

The overall number of donors to Northwestern Memorial has nearly doubled over the last two years. Our highly successful 'The Best Care Begins With Us' employee and physician campaigns, conducted in fiscal years 2006 and 2007, were responsible for much of this increase, drawing on the previously untapped generosity of the hospital's own employees and the medical staff. In fiscal year 2005, Northwestern Memorial had 38 employee donors and just two years later, 43 percent of all Northwestern Memorial personnel—a total of 3,408 employees—donated funds or volunteered their time, far surpassing our goal of 30 percent employee participation.

The increasing and wide-ranging philanthropy of the Chicagoland community gives us confidence in the future of patient care, research and education at Northwestern Memorial. We remain committed to providing the hospital with a strong culture of philanthropy, which will help to advance the *Patients First* mission well into the future.

We deeply appreciate our donors for their commitment to healthcare and their passion for continued progress at Northwestern Memorial.

Our Heartfelt Thanks

We extend our appreciation to the many benefactors who invested in Northwestern Memorial Hospital during fiscal year 2007.* Their generosity continues a longstanding culture of philanthropy that facilitates much progress and provides support for efforts that advance quality healthcare.

The Passavant Society

Created in 2003, The Passavant Society provides lifetime recognition to individuals, corporations and foundations contributing cumulative gifts, irrevocable planned gifts or pledges of \$1 million or more. Its name honors one of Northwestern Memorial Hospital's predecessor institutions, Passavant Memorial Hospital, which was founded in 1865 to treat "the suffering and the sick...without distinction of creed, country or color." Through their dedication to the hospital, members of The Passavant Society set an exemplary standard of giving for others committed to helping advance Northwestern Memorial's *Patients First* mission.

The Wesley Society

Founded in 1998, The Wesley Society recognizes the generosity, foresight and thoughtfulness of individuals who are committed to the future of the hospital by including Northwestern Memorial Hospital in their estate plans or making a planned gift commitment. Planned gift commitments include bequests, life income gifts such as charitable gift annuities or

charitable remainder trusts, remainder interests in personal real estate and commitments of a life insurance policy or qualified retirement plan. The name commemorates one of Northwestern Memorial's predecessor institutions, Wesley Memorial Hospital, which was established in 1888. All donors who confirm their plans are honored as lifetime members regardless of the amount of their gift.
